

The WildeWood Board of Directors Announces a Pickleball Membership Classification

The WildeWood Club Board of Directors earlier this year approved the funds to convert two hard surface tennis courts into six permanent pickleball courts. A number of our members have asked the Tennis Committee and ultimately the Board to provide permanent facilities to support Pickleball. This racket/paddle sport is growing in popularity across all age groups both nationally and locally.

To be clear, Pickleball privileges are included with both Tennis and Full Golf Membership's with all the associated family privileges with no additional charges except guest fees. The new **"Pickleball Only Membership"** is:

Pickleball

Entrance Fee \$250

Monthly Dues:

Pickleball Only Membership	\$99.00
Pickleball / Pool / Social Non HOA	\$150.00
Pickleball Guest Fee	\$10.00

A "Pickleball Only Membership" provides access to all the Pickleball Facilities. The membership includes individuals living in the household to include spouse/partner, their unmarried children through the age of 24. This membership classification provides access to the six Pickleball courts and the Pub and does not include access to tennis, pool, golf, social events, or use of the upstairs clubhouse.

For a limited time, the Board has voted to waive the initiation fee during the initial enrollment for the first 30 pickleball memberships. Come join the fun and be a part of The WildeWood Club Pickleball network of friends.

We are excited to be offering this new membership category.
